

2023 CACREP Program/Learner Outcomes: MS in SCHOOL COUNSELING

- School Counseling (SC) graduates have a 46% pass rate on the National Counselor Exam. Exam pass rates are based on reports from the National Board of Certified Counselors on statistics for self-reported Capella alumni taking the NCE exam in Fall 2022. Capella is notified of exam scores by the exam proctor only if the exam takers identify Capella as a recipient of their scores. Out of 13 SC graduates that took the NCE exam, 6 passed.
- School Counseling graduates have an 89% pass rate on the Praxis Exam. Exam pass rates are based on reports from school counseling learners who have taken the Praxis exam in the 2022 – 2023 academic year. Out of 38 SC graduates that took the Praxis exam, 34 passed.
- 178 learners graduated from the School Counseling program in the 2022 – 2023 academic year.
- The current completion rate for learners from the School Counseling program is 63%. Completion rate is the percentage of 2016-2017 and 2017-2018 cohorts (learners who register for a second course in the year specified) who finished their degree within 24 quarters. Within this group, out of 641 School Counseling learners, 407 graduated within 24 quarters.
- Capella does not offer job placement assistance. Data for job placement were gathered from a survey distributed to alumni who graduated from Capella's CACREP-accredited programs in 2022. The response rate of less than 10 percent of MS in School Counseling alumni is not sufficient to draw meaningful conclusions.
