

2024-2025 CACREP Program/Student Outcomes: MS in School Counseling

- School Counseling graduates have a 79% pass rate on the Praxis Exam. Exam pass rates are based on reports from School Counseling students who have taken the Praxis exam in the 2024–2025 academic year. Out of 14 School Counseling graduates who identified Capella as their school at the time of the Praxis exam, 11 passed.
- Exam pass rates are based on reports from the National Board of Certified Counselors on statistics for self-reported Capella alumni taking the National Counseling Exam (NCE) in Fall 2024. Capella is notified of exam scores by the exam proctor only if the exam takers identify Capella as a recipient of their scores. NBCC did not report any NCW scores for Capella School Counseling for the 2024-2025 academic year
- 146 students graduated from the School Counseling program in the 2024–2025 academic year.
- The current completion rate for students from the School Counseling program is 64%. Completion rate is the percentage of 2017–2018 and 2018–2019 cohorts (students who register for a second course in the year specified) who finished their degree within 24 quarters. Within this group, out of 644 School Counseling students, 413 graduated within 24 quarters.
- Capella does not offer job placement assistance. Data for job placement were gathered from a survey distributed to alumni who graduated from Capella's CACREP-accredited programs during the 2024–2025 academic year. The response rate of less than 10 percent of School Counseling alumni is not sufficient to draw meaningful conclusions.
