

DIT Course Registration Acknowledgment

The DIT (Doctor of Information Technology) program is structured using a prescribed sequence of courses, such that the specific courses you will be taking each quarter have been pre-determined. This structure allows the courses to build on each other from quarter to quarter, and is intended to allow you to progress through your program with the same mentor and fellow-learners.

In order to facilitate registration and help insure that you are registered for the correct courses each quarter, Capella has set up a system to automatically register you for the appropriate courses each quarter. Please note that this automatic registration carries exactly the same financial obligations on your part as manually registering for courses.

*As a result, it is important for you to notify Academic Advising should you need to make **any** changes to your enrollment such as taking a quarter off, or dropping a course, mentor course-room or residency, as there may be negative financial and forward progress implications.*

Completing this form indicates that you understand and agree to participate in the automatic registration program for DIT courses. If you have questions about this expectation, please contact Enrollment Services at 1-888-CAPELLA (227-3552).

Learner Information

Last Name: _____

First Name: _____

Email Address*: _____

**Must use the email address on file with Capella.*
