

University Policy 3.01.05 Financial Aid Satisfactory Academic Progress
Policy Approval Date: May 18, 2007 Policy Effective Date: January 1, 2008 Revised Procedure Approval Date: February 19, 2024 Revised Procedure Effective Date: July 1, 2024

POLICY STATEMENT

Federal regulations require that all students who receive financial aid maintain financial aid satisfactory academic progress (FASAP). Students must meet minimum FASAP requirements to qualify for financial aid, as described in the program requirements sections of this policy and related procedures. Failure to maintain FASAP may result in financial aid warning, financial aid probation, or financial aid ineligibility. Students who Capella determines are able to meet the minimum FASAP requirements by the end of their program may appeal financial aid ineligibility pursuant to the procedures described in this policy.

Undergraduate Degree Program Requirements

Undergraduate students are required to maintain a cumulative grade point average (GPA) of 2.0 or higher and complete a minimum of two out of every three attempted credits (course completion ratio of 67 percent of cumulative attempted credits), regardless of payment source.

FlexPath students are required to earn a standard of “Basic” or better on all competencies within each course and complete a minimum of two out of every three attempted program points (course completion ratio of 67 percent of cumulative attempted program points), regardless of payment source.

Additionally, undergraduate students will not be eligible for federal financial aid for any attempted credits or program points that exceed 150 percent of the undergraduate degree requirements described in their catalog.

Graduate Degree Program Requirements

Graduate students are required to maintain a cumulative grade point average (GPA) of 3.0 or higher and complete a minimum of one out of every two total attempted credits (course completion ratio of 50 percent of cumulative attempted credits), regardless of payment source.

FlexPath students are required to earn a standard of “Proficient” or better in all competencies within each course and complete a minimum of one out of every two attempted program points (course completion ratio of 50 percent of cumulative attempted credits), regardless of payment source.

Additionally, graduate students will not be eligible for federal financial aid for any attempted credits or program points that exceed 200 percent of the graduate degree requirements described in their catalog.

Doctoral students engaged in the advanced doctoral phase of their program must meet additional requirements described in the procedures section of this policy.

RATIONALE

Federal regulations require that all students who receive financial aid maintain financial aid satisfactory academic progress (FASAP). Students must meet the minimum FASAP requirements to qualify for financial aid. Students may only use financial aid for a maximum number of credits or program points attempted for their degree or certificate level. This policy outlines the requirements and procedures for evaluating financial aid eligibility based on FASAP and the total number of attempted credits or program points.

DEFINITIONS

Academic Program

An academic program is any credentialed academic offering and its components, including but not limited to a degree, specialization, concentration, certificate, or delivery model in which a student is enrolled.

Advanced Doctoral Phase

The advanced doctoral phase begins after a student has completed all didactic coursework and residencies. An advanced doctoral student's requirements include any remaining courses in the comprehensive examination, dissertation, doctoral project, or doctoral capstone course sequence, and any additional program requirements as published in the *University Catalog*.

Career

Career is the term used to identify a student's degree program(s) as either undergraduate or graduate.

Certificate

A certificate is a non-degree credential at a specific level that is awarded upon successful completion of coursework and learning experiences in an academic or professional field.

Degree Program

A degree program is a specific set of coursework and learning experiences in a field of study that, upon successful completion, results in the conferral of a degree or credential.

Didactic Coursework

Didactic coursework refers to academic courses that focus predominantly on instruction of theories, facts, and competencies.

Financial Aid Ineligibility

Financial aid ineligibility is a federal financial aid status that indicates a student is not maintaining financial aid satisfactory academic progress pursuant to the terms of this policy, and is ineligible for federal financial aid. The student may not receive federal financial aid until they are meeting the financial aid satisfactory academic progress requirements.

Financial Aid Probation

Financial aid probation is a federal financial aid status that indicates a student is not maintaining financial aid satisfactory academic progress pursuant to the terms of this policy, but has been approved through appeal to remain eligible for federal financial aid.

Financial Aid Satisfactory Academic Progress (FASAP)

FASAP is a federal financial aid status that indicates a student is maintaining good academic standing pursuant to the terms of this policy.

Financial Aid Warning

Financial aid warning is a federal financial aid status that indicates a student is not maintaining financial aid satisfactory academic progress pursuant to the terms of this policy but remains eligible for federal financial aid for one active term prior to being re-evaluated.

PROCEDURES

- I. Factors Impacting Financial Aid Satisfactory Academic Progress (FASAP) for All Students
 - A. Grades

No Grade (“NG”), Withdrawal (“W”), Incomplete (“I”), In Progress (“IP”), Satisfactory (“S”), and Not Satisfactory (“NS”) grades are included in the course completion ratio but do not impact the student’s grade point average (GPA). Military Withdrawal (“MW”) grades do not impact a student’s course completion ratio or GPA.
 - B. Repeated Courses

When a student retakes a course, the initial attempt will be removed from the GPA calculation upon completion of the repeated course. The repeat, as well as any subsequent attempts, will all factor into the student’s GPA. Each attempt will be used in evaluating course completion ratios. Refer to university policies *2.02.02 Course Registration*, *3.04.07 Grading*, and *3.04.08 Incomplete Grades* for more information.
- II. Financial Aid Satisfactory Academic Progress (FASAP) Process for All Students
 - A. FASAP is measured for all students who receive federal financial aid. In addition to minimum FASAP requirements, there are undergraduate-, graduate-, and FlexPath-specific requirements, as described in sections III.A, III.B, and VI.A.
 - B. FASAP Requirements for All Students
 1. FASAP is evaluated only following quarters or payment periods during which the student is registered in one or more courses. A student’s financial aid eligibility will not change following a quarter or period of academic inactivity.
 2. A student’s current FASAP status remains on record until there is academic activity for evaluation.
 3. The initial evaluation begins after the first full quarter or payment period of academic activity.

Examples:
Students who initially register during a monthly start will be measured at the end of quarter two based on activity from their initial start date through the end of quarter two.

Students who register at the beginning of a quarter will be measured at the end of quarter one based on activity from their initial start date through the end of quarter one.

FlexPath students who have an extended payment period beyond the 24-week mark will be evaluated at the end of the extension.

4. All requirements are thereafter evaluated following each quarter or payment period there is academic activity.
5. Students who receive a grade change in a previous quarter or payment period will have their current FASAP status re-evaluated using the new information.
 - a. Students whose re-evaluation changes their eligibility for the current quarter or payment period may be subject to a reinstatement or return of disbursed funds. Contact the Financing Support Team for more information.
 - b. Students who receive a grade change due to an Incomplete (I) grade will be evaluated following the next quarter or payment period.
6. The minimum FASAP requirements are grade point average (GPA) and course completion ratio. The undergraduate- and graduate-specific GPA and ratio requirements are described in sections III.A and III.B.
7. Transfer credits
 - a. Transfer credits applied toward a student's degree program reduce the number of credits required for the completion of that degree program. Transfer credit that is not accepted cannot be applied toward the completion ratio of a student's degree program.
 - b. The number of transfer credits applied toward a student's degree program affects the cumulative attempted credits or program points in the student's course completion ratio. Transfer credits count toward both earned and attempted credits or program points when calculating the course completion ratio.
 - c. The number of transfer credits affects the student's maximum limit of earned credits required, as follows:
 - i. Example: A BS requires 180 earned credits; the student transfers in 70 credits, resulting in 110 credits remaining.
 - ii. In the above example, the degree program requirements are based on the number of earned credits remaining for a student to complete their degree program, in this case 110 earned credits.
 - iii. The number of earned credits remaining is the basis for the maximum attempted credits calculation, as defined in sections III.A, III.B, and VI.B.
- C. Students whose total number of attempted credits or program points exceeds the limit for their degree or certificate program will become ineligible for financial aid for all future quarters or payment periods.
- D. Notification of financial aid status

Students will receive an email notification from the Financial Aid Office when they have been placed on financial aid warning or probation or become ineligible for financial aid. However, it is the student's responsibility to know these requirements, and failure to receive the notification does not nullify the financial aid status.
- E. Appeal of financial aid ineligibility

1. Students who Capella determines are able to meet the minimum FASAP requirements by the end of their program or who Capella believes have had an administrative error made on their record may appeal their financial aid ineligibility. If it is determined that a student cannot meet FASAP by the end of their program, then they are made ineligible without the option to appeal.
2. Students may also appeal their financial aid ineligibility due to extenuating circumstances. To appeal their financial aid ineligibility, students must complete and submit the Financial Aid Satisfactory Academic Progress Appeal Form.
 - a. Extenuating circumstances may include but are not limited to the death of a family member, job-required relocation, or severe physical injury or illness.
 - b. Third party documentation of the extenuating circumstance may be required to substantiate claims made in the appeal.
 - c. Students must include an explanation of the extenuating circumstances surrounding their financial aid ineligibility and the impact the extenuating circumstances had on their academic progress. Students must also indicate the steps they will take to meet the minimum FASAP requirements. The case will be determined on the documentation/evidence supplied by the student.
3. Students have 10 calendar days from the date the notification of their financial aid ineligibility was sent to submit their appeal. Students who do not meet this deadline will remain ineligible for financial aid until they are meeting the minimum FASAP requirements.
4. The Financial Aid Satisfactory Academic Progress Appeals Committee will review the appeal and make a determination.
 - a. Within 10 calendar days of receipt of the appeal and any requested supporting documentation, the committee will review the appeal and issue a decision.
 - b. Students will receive an email notification of the committee's decision and appeal results.
 - c. The committee's decision is final.
5. Appeal results
 - a. Students whose appeals are approved will be required to adhere to a Financial Aid Satisfactory Academic Progress Plan developed by the committee that, when followed, will ensure the student will be able to meet the minimum FASAP requirements by an established date.
 - b. Students who meet the conditions of their Financial Aid Satisfactory Academic Progress Plan will remain eligible for financial aid for the subsequent quarter or payment period.
 - c. Students who fail to meet the conditions of their Financial Aid Satisfactory Academic Progress Plan will remain ineligible for financial aid until they meet the minimum FASAP requirements.
 - d. Students whose appeals are approved will be placed on financial aid probation and will remain eligible for financial aid for the current quarter or payment period. At the end of the quarter or payment period, students will be re-evaluated to see whether they are able to meet the minimum FASAP requirements.
 - e. Students whose appeals are denied will remain ineligible for financial aid until they meet the minimum FASAP requirements.

- f. Students in GuidedPath programs whose appeals are denied must pay all outstanding charges within seven calendar days of being sent notification of their appeal denial. Students who do not pay all outstanding charges will be withdrawn from all courses for which they are currently registered, and tuition charges for the quarter will be reversed.
- g. FlexPath students whose appeals are denied must pay all outstanding charges by the end of each billing session. Students who do not pay all outstanding charges by the deadline will lose course access for current and future courses.
- 6. Removal of FASAP financial aid probation or ineligibility status
Students will be removed from financial aid probation or ineligibility status upon meeting the minimum FASAP requirements described in sections III.A, III.B, and VI.A.
- 7. Students will receive an email notification from the Financial Aid Office when they have been removed from financial aid probation or ineligibility status.

III. Minimum Financial Aid Satisfactory Academic Progress (FASAP) Requirements for Students in GuidedPath Programs

A. Undergraduate Students

FASAP for undergraduate students is evaluated on two requirements. Students must meet both to maintain FASAP.

1. FASAP requirements

a. Minimum cumulative GPA

- i. Undergraduate students must maintain a minimum cumulative GPA of 2.0 or higher.
- ii. The cumulative GPA is calculated for all undergraduate activity.

b. Minimum course completion ratio

- i. Undergraduate students must complete a minimum of two out of every three attempted credits (course completion ratio of 67 percent of cumulative attempted credits).
- ii. The course completion ratio is calculated for all undergraduate activity. A student's earned and attempted credits include any transfer credits applied toward their Capella program.
- iii. Example: A student transfers in 25 credits to their Capella program and has completed 10 out of 60 attempted credits of Capella courses. This means they have attempted 85 credits and earned a cumulative total of 35 credits. Since the number of earned credits divided by the attempted credits is less than 67 percent ($35/85 = 41$ percent), the student does not meet the course completion ratio requirement.
- iv. Students will be notified by the Financial Aid Office when their course completion ratio is between 67–79.99 percent.

2. Maximum attempted credits

Undergraduate students are not eligible for federal financial aid for any attempted credits that exceed 150 percent of the undergraduate degree program requirements.

- a. Example: If the number of earned credits required to meet degree program requirements (after applied transfer credits) is 110, the maximum number of attempted credits allowed is 165 (110×150 percent).

- b. Students will be notified by the Financial Aid Office when they are within 18 to 24 credits of exceeding the 150 percent rule and placed on a Maximum Timeframe warning.
- c. Students will become immediately ineligible for financial aid once they are determined unable to complete their program within the 150 percent rule or have exceeded the 150 percent rule.

B. Graduate Students

FASAP for graduate students is evaluated on two requirements. Students must meet both to maintain FASAP. In addition, doctoral students engaged in the advanced doctoral phase of their program must meet additional requirements related to timely completion of their comprehensive examination and dissertation or doctoral capstone requirements as noted in the Capella University *Doctoral Manual*.

1. FASAP requirements

- a. Minimum cumulative GPA
 - i. Students must maintain a minimum cumulative GPA of 3.0 or higher.
 - ii. The cumulative GPA is calculated for all graduate activity.
- b. Minimum course completion ratio
 - i. Graduate students must complete a minimum of one out of every two attempted credits (course completion ratio of 50 percent of cumulative attempted credits).
 - ii. The course completion ratio is calculated for all graduate activity. A student's earned and attempted credits include any transfer credits they have applied toward their Capella program.
 - iii. Example: A student transfers in 25 credits toward their Capella program and has completed 10 out of 60 attempted credits of Capella courses. This means they have attempted 85 credits and earned a cumulative of 35 credits. Since the number of earned credits divided by the number of attempted credits is less than 50 percent ($35/85 = 41$ percent), the student does not meet the course completion ratio requirement.
 - iv. Students will be notified by the Financial Aid Office when their course completion ratio is between 50–59.99 percent.

2. Maximum attempted credits

Graduate students are not eligible for federal financial aid for any attempted credits that exceed 200 percent of the graduate degree program requirements.

- a. Example: If the number of earned credits required to meet degree program requirements (after applied transfer credits) is 110, the maximum number of attempted credits allowed is 220 (110×200 percent).
- b. Students will be notified by the Financial Aid Office when they are within 12 to 16 credits of exceeding the 200 percent rule and placed on a Maximum Timeframe warning.
- c. Students will become immediately ineligible for financial aid once they are determined unable to complete their program within the 200 percent rule or have exceeded the 200 percent rule.

C. Advanced Doctoral Students

- 1. Students who are engaged in the advanced doctoral phase of their program are considered in compliance with this policy.

2. FASAP for students engaged in the advanced doctoral phase of their program is evaluated by the successful completion of the comprehensive examination, dissertation, or doctoral capstone requirements within the prescribed deadlines described in the Capella University *Doctoral Manual*.

IV. Failure to Maintain Financial Aid Satisfactory Academic Progress (FASAP) for Students in GuidedPath Programs

This section does not apply to doctoral students engaged in the advanced doctoral phase of their program. Doctoral students engaged in the advanced doctoral phase of their program should refer to section V.

A. Financial Aid Warning

1. Criteria/Notification

- a. Students will be placed on financial aid warning status for one active term when they fail to maintain the minimum FASAP requirements described in sections III.A and III.B.
- b. Students will receive an email notification from the Financial Aid Office when they have been placed on financial aid warning status.

2. Removal of FASAP warning status

- a. Students will be removed from financial aid warning status after one active warning term upon meeting the minimum FASAP requirements described in sections III.A and III.B.
- b. Students will receive an email notification from the Financial Aid Office when they have been removed from financial aid warning status.

B. Financial Aid Ineligibility

1. Criteria/Notification

- a. Students will be placed on financial aid ineligibility status when they fail to maintain the minimum FASAP requirements described in sections III.A and III.B.
- b. Students will receive an email notification from the Financial Aid Office when they have been placed on financial aid ineligibility status.

V. Failure to Maintain Financial Aid Satisfactory Academic Progress (FASAP) for Advanced Doctoral Phase Students

Students engaged in the advanced doctoral phase of their program who fail to maintain FASAP as defined in section III.C will be considered out of compliance with this policy and will be administratively withdrawn from the university pursuant to university policy 3.01.04 *Academic Standing*.

VI. Financial Aid Satisfactory Academic Progress (FASAP) Process for FlexPath Students

FlexPath students must meet the minimum requirements for their course level as described in this section.

A. FASAP requirements for FlexPath students

Students who are compliant with university policy 3.01.04 *Academic Standing* requirements are considered in compliance with this policy.

B. Maximum attempted program points

1. Graduate students are not eligible for federal financial aid for any attempted program points that exceed 200 percent of the graduate degree program requirements.
 2. Undergraduate students are not eligible for federal financial aid for any attempted program points that exceed 150 percent of the undergraduate degree program requirements.
- C. Repeating Courses
- When a student repeats a FlexPath course, the course in which the student demonstrates all competencies at a level required for conferral will be the one used to determine completion of FlexPath requirements.
1. Each course attempt appears on the transcript.
 2. All attempts are used to evaluate the student's completion percentage for evaluation of FASAP. Refer to university policies *2.02.02 Course Registration*, *3.04.07 Grading*, and *3.04.08 Incomplete Grades* for more information.
 3. On a translated transcript, each F grade after the first will be included in overall GPA.
- D. Changing from the FlexPath option to the GuidedPath delivery model
1. When students change from FlexPath to the GuidedPath model, performance evaluations for courses taken through the FlexPath option will be converted to the equivalent GuidedPath model grades.
 2. Program points attempted and earned in the FlexPath option will be converted into credits (1:2 ratio) to allow for completion rate review and maximum attempted credits to be calculated.
 3. Transfer credits will be converted from program points to credits for both attempted and completed courses.
 4. Courses repeated will fall under the repeating courses procedures outlined in university policy *2.02.02 Course Registration*.
- E. Changing from the GuidedPath program delivery model to the FlexPath option
1. Any current or former student must meet the admission requirements for FlexPath and be in good standing for both university policies *3.01.05 Financial Aid Satisfactory Academic Progress* and *3.01.04 Academic Standing* to request a change to the FlexPath option.
 2. Credits attempted and earned in the GuidedPath model will be converted into program points (2:1 ratio). This will allow for completion rate and maximum attempted credits to be calculated in FlexPath.
 3. Transfer credits will be converted from credits to program points for both attempted and completed courses.
 4. Information about repeating courses is outlined in section VI.C.

VII. Failure to Maintain Financial Aid Satisfactory Academic Progress (FASAP) for FlexPath Students

FlexPath students may appeal their financial aid ineligibility and Academic Standing status within 14 days of notification through university policy *3.01.04 Academic Standing* section IV.C.
