POLICY STATEMENT

Course credits previously earned at Capella University are evaluated and applied when appropriate to new degree or certificate programs, specializations, or concentrations, pursuant to the procedures established to support this policy.

RATIONALE

This policy outlines the terms for applying Capella University course credits toward new degree or certificate programs, specializations, or concentrations.

DEFINITIONS

Certificate

A certificate is a non-degree credential at a specific level that is awarded upon successful completion of coursework and learning experiences in an academic or professional field.

Certificate Program

A certificate program is a course of study that leads to the award of a certificate; that is, a non-degree credential at a specific level that is awarded upon successful completion of coursework and learning experiences in an academic or professional field.

Concentration

A concentration is a specific set of courses in a narrowly defined field of study that is taken either to fulfill a degree program requirement or add to a degree program requirement.

Degree

A degree is the name of a specific academic degree that may include a broad academic subject.

Degree Level

Degree level is a classification of postsecondary academic achievement by a prescribed depth of understanding relative to coursework and learning experiences. Capella's degree levels are bachelor's, master's, specialist, and doctoral.

Degree Program

A degree program is a specific set of coursework and learning experiences in a field of study that, upon successful completion, results in the conferral of a degree or credential.

First Course

First course is the learner's initial course, which provides the disciplinary foundation of each program. It is required for all learners in degree programs and some certificate programs and is designed to ensure learners demonstrate sufficient academic readiness for subsequent Capella courses.

Specialization

A specialization is a course of study associated with a specific degree program that leads to the award of a degree.

 - D. Undergraduate learners will need to complete a minimum of twelve unique undergraduate quarter credits or at least 50% of total required undergraduate quarter credits, whichever is greater, toward their subsequent certificate program, providing the credits satisfy the requirements for the subsequent certificate program.
