

## VIDEO TRANSCRIPT

## What is FlexPath?

**0:05** FlexPath is an opportunity to work at your own pace. You don't have to worry about a structured course room per se. *(Diane Dayson – Faculty)*

**0:12** You get the full list of assessments and requirements that are due for the entire course and you get to take that at any pace you want. It's all based on what your schedule allows you to do. *(Adam Weller – Alumni)* \*Actual Capella learner who agreed to appear in promotional materials for Capella.

**0:26** Which is great because you can kind of set it up and base it around your schedule. If you know that you're going to be really busy one week, maybe you don't set a paper deadline that week. And it allowed me to actually have a life outside of school because I could schedule school around my life, which was really nice. *(Jennifer Baker – Alumni)*

\*Actual Capella learner who agreed to appear in promotional materials for Capella.

**0:40** I had a background in sales, so I was able to move through some of the sales and marketing courses a little bit faster than, for example, accounting. Accounting is where I really struggled because I didn't have much experience in accounting, so I did appreciate that I could move through courses quicker than I had more experience in and I could take my time in courses that perhaps I didn't have as much experience in. I did utilize the tutors, as well. So I really appreciated having that option so I didn't feel like I was out there by myself. *(Maybeth Moses – Alumni)* \*Actual Capella learner who agreed to appear in promotional materials for Capella.

**1:08** Cost is a concern. I mean, I tell my learners, I would be worried if cost wasn't one of your main concerns. I mean school is one of the biggest and also one of the most personal investments you're ever going to make in your lifetime. *(Phil Molling – Enrollment Counselor)*

**1:19** The thing that I love about FlexPath is that you are able to pay by quarter rather than by credit. You never pay per class. And so that means I was able to take as many classes as I could in one quarter, rather than having to spread it all out. It was really easy and it was really affordable. It was great.\* (*Jennifer Baker - Alumni*) \*FlexPath operates on rolling 12-week billing sessions. Learners pay a flat fee for each billing session. They can be enrolled in up to two courses at a time, and can take as many courses as they want in each billing session
