

MS in Clinical Mental Health Counseling

This document is a resource to assist in understanding a states educational requirements for licensure, certification, or endorsement. This document will provide an individual states unique coursework requirements in comparison to Capella's program.

Where to Start

We recommend that you begin by locating a copy of your states application and/or coursework sheet from your state board's website and then use this document to assist you in matching Capella's coursework with your states educational requirements.

How to Read

State required content areas: Outlines the state board's required content areas that need to be met for licensure **State coursework requirement:** The number of courses or credits required to meet the state content area

Capella course number: The catalog number of the Capella course that we feel meets the state content definition and content area

Capella course title: The name of the Capella course that we feel meets the state content definition and content area

Capella quarter credit: The number of credits for the Capella course that we feel meets the state content definition and content area

Notes: Additional information about a particular course or requirement

Important

The information provided in this document is for guidance only and is not intended to be authoritative. State licensing boards determine whether coursework is sufficient to meet state specific educational requirements as part of the application process. No state board has "approved" the courses suggested in this document as meeting any state's educational requirements. Capella University cannot guarantee licensure, certification, or endorsement.

If you need further assistance, please contact Enrollment Services if you are considering enrolling in a Capella program or Academic Advising if you are a current Capella Learner.
